- Implement the Automation
- Showcase it to the Community through a **Loom**

Automated Electricity Bill Reminder using Airtable + Pabbly + Slack

A simple automation that reminds users about their electricity bill due date every day, ensuring timely payments and avoiding late fees.

Node Structure

Trigger → Schedule by Pabbly (*Every day at 9:00 AM*)

Action → Airtable (*Search Records – Advanced*)

Formula

```
AND(  
  {Date},  
  DATETIME_FORMAT({Date}, 'YYYY-MM-DD') = DATETIME_FORMAT(TODAY(),  
    'YYYY-MM-DD')  
)
```

Notify → Slack (Send Channel Message)

Message

⚡ Electricity Bill Reminder

Hello {{Name}},

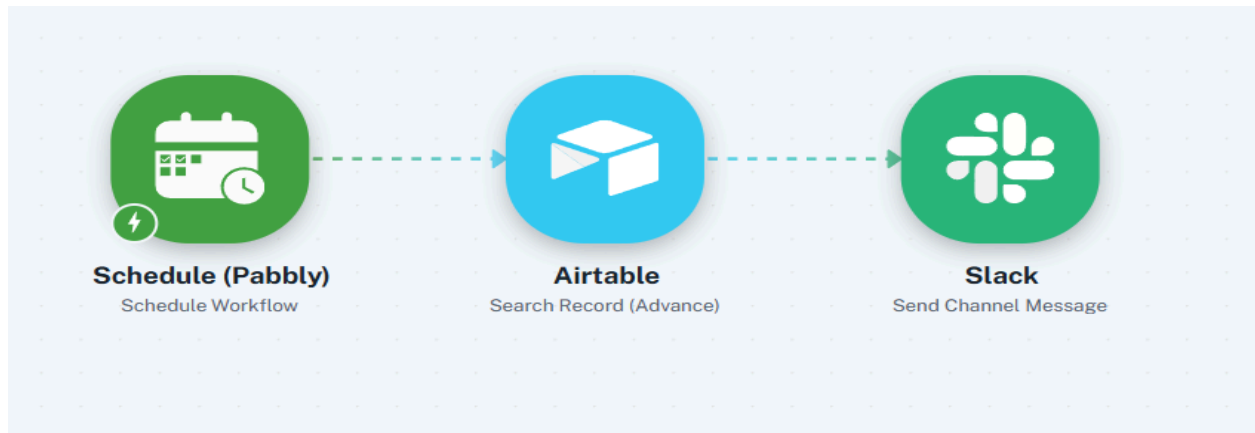

Your electricity bill of ₹{{Bill Amount}} is due today.

 Due Date: {{Date}}

 Status: {{Status}}

Please pay your bill on time to avoid late payment charges.

Pabbly Connect Flow:

Airtable DB:

☐	A Name	 Date	\$ Amount
1	Karthik	7/5/2026	\$559.00
2	Criya	7/6/2026	\$850.00
3	John	2/4/2026	\$864.00
4	Sherin	5/6/2026	\$1,000.00

Final Workflow

Step 1: Schedule Trigger

Already done

Runs every day

Step 2: Airtable → Get All Records

Fetch all records from the Bills table

Step 4: Filter (Pabbly)

Check if the Date is Today

Step 5: Slack → Send Message

Send the reminder only when both conditions are true

[FINAL STEP] Instructions for Sharing Your "Mini-Project: Build your First Automation in Pabbly" Google Doc

Congratulations on completing your "Mini-Project: Build your First Automation in Pabbly"! Sharing your work with our community is a powerful step toward turning them into reality. Here's how you can share your document with view-only access:

Add your Node Structure, Tech Stack, Output and Screenshots to the Google Doc.

Also record a LOOM to showcase your Presentation Skills.

Steps to Share Your Google Doc:

1. **Open Your Document:**
 - Navigate to your Google Drive and open the document you've created.
2. **Access Sharing Settings:**

- Click on the blue "Share" button located in the top-right corner of the document.

3. Get Shareable Link:

- In the sharing window, click on "Get shareable link" in the top-right corner.

4. Set Link Permissions:

- A link will be generated, and you'll see a dropdown menu.
- Select "Anyone with the link can view" to ensure others can see your document but not edit it.

5. Copy the Link:

- Click "Copy link" to copy the URL to your clipboard.

6. Share with the Community:

- Paste the link into our Skool Community to share your document with fellow members.

7. Add your Name on Top:

- Make sure to mention your name on top so that we know who submitted the assignment.
